TS660V2.0

Centerm

Features

Based on Trusted Computing Technology, Centerm TS660V2.0 provides a security solution for sensitive computing environments and giving businesses a layer of protection for company data with Trusted Platform Module (TPM)

Specifications

Processor	Intel i3-6100 dual-core 3.7GHz
Operating System	WES7 / WES8 / WIN 10 IOT
Management Software	CDMS
RAM (DDR4)	4GB
Storage (SSD)	64GB
LAN	x1 (10/100/1000 Base-T Fast Ethernet, RJ-45)
Port	x 1 DVI-I (VGA Convertor included)
Resolution	1920*1080 @ 60Hz;
Dual Display	Supported
Serial Port	x 1 (extensible to 4 via cable)
Parallel Port	x 1
PS/2 Port	x 2
USB 2.0	x 4 (rear)
USB 3.0	x 4 (2 in Front, 2 in rear)
Port	Line-out x 1 , Mic-in x 1
Adapter	World wide auto sensing 100-240V AC, 50/60 Hz, 19V/4.74A DC
Power Consumption	< 60W
Volume(Including Stand)	483mm × 155mm × 286 mm
Net Weight	1.9 kg
Stand	Vertical feet stand
Security	Standard Kensington anti-theft keyhole
Cooling	Fan convection
Operation Temperature	0℃ to 40℃
Relative Humidity	30% to 90% non-condensing
